We INVITE you
to be a part of
Australia's largest auto equipment event

By exhibiting you will

- Get your products in front of an Australia wide industry
- Provide an opportunity for you to meet the people you deal with in person
- Sell to a qualified buying audience of workshops
- Learn new things about the industry - the trade fair has representations from different fields
- Find out the latest in technology for automotive computer systems
- Take advantage of the huge promotional campaign for the event
- Make new contacts and pick up new distributorships

Exhibition Space...is filling fast!

There has been an overwhelming response to Fair bookings so far.
The Sydney venue is extremely popular, with exhibitors from within Australia and overseas flooding in.
If you are interested, be in quick to reserve the best spot!

What's new for 2006?

- **Exhibitors will be divided into the following specific product areas:**
  Crash Repair
  Under Car
  Workshop Equipment and Services
  Performance Equipment and Services
  After Market Parts - new and recycled
  Workshop Software
- **A Product Presentation Stage will be available for exhibitors**
  The product presentation stage will be situated inside the Fair.
  The stage will provide a chance for exhibitors to further promote themselves and their stand to buyers.
  A time slot will be allocated to exhibitors on a first come first served basis

The Australian Auto Trade Fair is proudly supported by Auto Parts Recyclers Association of Australia
